

Paper and Biomaterials (PBM)

Published by: China Pulp and Paper Magazines Publisher

Editor-in-Chief: Zhenlei Cao, China Technical Association of Paper Industry, China

Board Director: Chunyu Cao, China National Pulp and Paper Research Institute Co., Ltd., China

Associate Editors-in-Chief

Prof. Runcang Sun, Dalian Polytechnic University, China
Prof. Shiyu Fu, South China University of Technology, China

Prof. Frank Miletzky, Papiertechnische Stiftung (PTS), Germany

Dr. Ruitao Cha, National Center for Nanoscience and Technology, China

Paper and Biomaterials (ISSN 2096-2355, included by Scopus, CAS, EBSCO, Baidu Scholar and Google Scholar) is a peer-reviewed open access journal with NO publishing fees published quarterly in both online and print version. It publishes reviews, research articles, and technical report.

The journal covers up-to-date achievements and advances in the field of biomass materials, energy, chemicals, and natural active components, pulp and papermaking, etc.

PBM welcomes the contributions from scientists and experts in related areas worldwide. The contributor will receive a certain amount of remuneration after the manuscript is published.

Please submit online at:

<https://mc03.manuscriptcentral.com/pbms>

Special Issue

A joint Special Issue initiated by the **PBM** editorial office and the Conference Committee of the "The 3rd International Symposium on Nanocellulosic Materials (3rd ISNCM)" will be published in the 1st issue 2022 on **PBM** journal with a submission deadline on 30 September 2021.

This themed SI of "nanocellulosic materials" will comprise selected papers from the 3rd ISNCM with Prof. Shiyu FU from South China University of Technology as the Guest Editor.

We look forward to your contribution.
