

## Postponement announcement for ACF2022\_ETSL

Dear Colleagues,

As a leading international conference in concrete academic and industrial community, the ACF series symposium has long received extensive attention from experts and scholars in the field of concrete in Asia and around the world. Under the jointed efforts of all our colleagues, the ACF2022\_ETSL international organizing committee was scheduled 10 world leading scholars to deliver their keynote speech, organized 16 sessions including 190 reports on various subjects with more than 250 abstracts received from 18 countries and regions.

Due to the temporary requisition of the scheduled conference venue and the uncertainty of the COVID-19, the organizing committee made the following announcements:

- (1) The ACF2022\_ETSL symposium postponed until the first half of 2023. The new agenda will be announced as soon as the time is set.
- (2) For the registered participants, the registration fee will be fully refunded to your original account upon receipt the confirmation email.
- (3) For the reporters, your report will automatically be applied to the rescheduled program. The drafted program and conference manual is available on [our website](#).

We would like to thank all the participants for their great support to this symposium and apologize for the inconvenience caused by the postponement. For any questions, please feel free to contact the secretary of ACF2022 by email ([acf2022@szu.edu.cn](mailto:acf2022@szu.edu.cn)).

Best regards,

ACF2022\_ETSL Organizing Committee
